

- Sony portable audio technology and artificial intelligence brings your music to life with a unique combination of entertaining dance moves, flashing lights, and high sound quality.
- 180-degree horizontally opposed stereo speakers and a digital amplifier provide powerful sound performance
- Baffle effect reverberates sound from the Rolly player's dancing surface, such as a table or floor, to create big 3D sound around the room
- Six moving parts -- Rolly player's arms, shoulders and wheels work with two LED lamps to create a tiny floor show.
- Three motion function settings let you watch the Rolly player analyze and interpret the music, program its moves yourself, or download moves from your computer with the included Rolly Choreographer Ver. 1.0 Software⁵.
- Bluetooth capability³ allows you to wirelessly stream music from compatible digital music players, PCs, or mobile phones
- 2GB¹ storage capacity means that the Rolly player can hold up to 520 songs² and the included Lithium-ion battery can provide up to 5 hours⁴ of continuous music playback

Features

- Bluetooth Audio Streaming³ Stream music from your PC directly to the Rolly for your listening enjoyment.
- Up to 5 Hours⁵ Music Playback The internal battery provides up to 5 hours continuous music or 4 hours of music and motion playback for your enjoyment.
- MP3 and AAC⁶ Playback and Support Supports playback of MP3 and AAC files.
- 2GB¹ Built-in Memory Store up to 1,370 songs on your Rolly.
- Motion Share⁵ Share motions you created with others via the Internet. Upload motions you created and download motions that others created using the Rolly Choreographer Ver. 1.0 software.
- Shuffle Play Switch the play mode from normal to shuffle just by shaking the Rolly several times when the side light is orange
- Customized Motion⁵ With the Rolly Choreographer Ver. 1.0 software create your own motions and share them with friends online.
- Auto Motion⁵ The Rolly Choreographer Ver. 1.0 software will automatically analyze the song and create motion based on the music.
- Self Motion Rolly analyzes the music and creates motion automatically when no motion is programmed into it.
- 180 Degree Horizontal Opposed/Baffle Effect Play music without losing sound quality because of the directional characteristics that convey the shape of sound by using the reflection of the ground.
- Soft Dome Speaker with Neodymium Magnet Creates high quality music playback.
- Digital Amplifier Plays music with low power, high output and high quality

Specifications

General

Type of Use: A2DP (Audio Streaming); AVRCP (Operate music in the Mobile Phone & PC)(Play/Stop/Volume+/-); SPP (Serial Port Profile)

Audio

Frequency Range: MP3: 32 to 320 kbps variable bit rate compliant ; AAC: 16 to 320 kbps variable bit rate compliant.

Format: MP3, AAC⁶

Speaker Output: 1.2W x 1.2W

Power

Battery Charging (Approx.): USB bass power charging

Battery Type: Lithium Ion Battery 1560mAh

Power Handling Capacity: Only Music: About 5 hours; Music & Motion: About 4 hours

Speaker

Speaker Dimensions: 20mm (Diameter)

Software

Operating System Compatibility: Rolly Choreographer Ver. 1.0/SSCP Ver4.3; Windows Vista Home Basic/Home Premium/Business/Ultimate; Windows XP Home Edition/Professional (Over SP2); Media Center Edition 2004&2005 (Over SP2) (Not supported by 64 bit versions of the operating systems listed above.)

Inputs and Outputs

USB Port(s): Yes (Hi-Speed)

Dimensions

Weight: 11 oz (300g)

Measurements: 4 1/8 x 2 9/16 x 2 9/16" (104 x 65 x 65mm)

Color: Black, White

UPC Code: 027242734715

1. Actual user capacity 1.89 GB = 2,035,974,144 bytes because part of the main unit memory is used for data management.
2. Calculated using 4 minute songs @128kbps in the MP3 format. Other playable audio file format song numbers and times may differ with MP3 format.
3. Requires Bluetooth A2DP profile compatibility. Music data contained on Rolly player cannot be played on a Bluetooth connected device. When Bluetooth is being used for music playback, only Self Motion Function can be used.
4. Battery life of 5 hours is calculated with music playback only. Battery life with music and motion (Sony standard motion function) can provide up to 4 hours battery life. Actual battery life may vary based on usage patterns, environment and battery conditions.
5. 64-bit Vista Operating Systems do not support the Rolly Choreographer Ver. 1.0 Software.
6. AAC format audio files that are copyright protected cannot be played back.
